Derek Balfe proposed to Milly O'Shea at twenty.

She turned him down and left to build a career and a future that didn't include him.

Now thirty-eight, he is a successful hotelier, divorced and parenting two teenagers. His father is retiring soon and has asked Derek to take over the family business. Adding to his troubles, Milly has moved back into town and with a teenage daughter of her own in tow. Milly is close friends with Derek's sister so he can't avoid her.

That is until their daughters meet at school and become inseparable. Derek has to deal with seeing Milly almost every day now. The more he's around her the more he realises that deep down she's still the same girl he fell for all those years ago, and he begins to suspect that there was more to her rejecting his proposal.

JO WATSON

THE EXEFFECT

2025. Manuscript available

Perfect for fans of Emily Henry, Beth O’Leary, Paige Toon and Christina Lauren.

They had a night to remember. For all the wrong reasons.

Thirteen years ago, Ash was planning the night of her life with her high-school boyfriend, Logan. They were madly in love, wild about each other, and had been waiting patiently for this moment. It was going to be perfect.

That is, until it went down in very unsexy flames. Logan disappeared and Ash was left, quite frankly - and very inconveniently - sexually cursed.

After years of disastrous dating and even more disastrous sex, cinematographer Ash has almost given up. But some seriously flirtatious emails with location agent Maximillian Adam, to set up a scouting trip, offer her hope. Because if rumor is to be believed, Maximillian Adam might just be God's sexual gift to women.

Is Max going to be the one to finally break the curse? And, even better, break it over and over again?

Or when Ash and Max finally come face to face, will they both get so much more than they bargained for?

Praise for Jo Watson

REBBECA YARROS

LEGACY Series

2016-2024. Manuscripts available

Point of Origin: In Legacy, Colorado, inheritance means fire and heartbreak—and he embodies both. Once my best friend and first love, he vanished a decade ago after a wildfire claimed our fathers and their crew. Now he's back, trying to rebuild what destroyed us. One look leaves me breathless, one touch makes him relentless, and if I'm not careful, he might burn me again.

Ignite: In Legacy, Colorado, I buried my father and his team. Ten years later, while fighting fires in Alaska with my brother, I'm in love with my stubborn, strong best friend who's unaware of my feelings. As Colorado calls me to rebuild my father's team, one night with her changes everything, leaving me torn between duty and love.

Reason to Believe: When my pre-k student and his baby brother need emergency foster care, I take them in despite my apartment being flooded. Knox Daniels, my older brother's best friend, offers his new place, though he's not returning to our town until next month. Knox shows up early, and we end up faking a relationship to keep the brothers together, complicating everything I thought was under control.

A LITTLE TOO CLOSE

MADIGAN MOUNTAIN Series

2022. Manuscript available

From USA Today bestselling author Rebecca Yarros comes a small town, single parent romance.

Nine years ago, Weston Madigan saved me. I came to Colorado penniless, heartbroken, and pregnant, searching for a fresh start. Weston gave me a job at his family's resort, then left the next day and never returned, not even to visit.

Then I stumble in on Weston cooking breakfast shirtless—gloriously, inappropriately shirtless—in the shared kitchen of my duplex in employee housing. Given the shock on both our faces, he wasn't expecting a roommate either, let alone two.

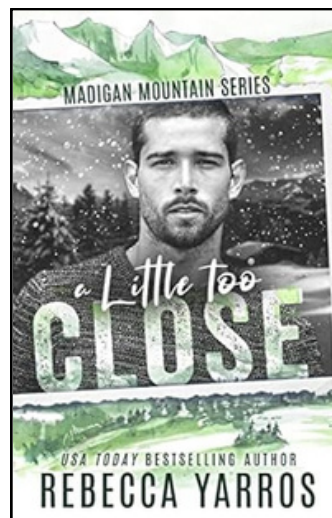

The growly pilot is only home to start his family's new heli-skiing operation. I can handle being his temporary roommate, right? Chemistry and attraction aren't impossible to ignore when you agree on ground rules. Besides, even with those gorgeous, brooding brown eyes, the guy is a walking thundercloud...until my daughter, Sutton, makes him laugh and he smiles at me. Then everything changes. Cue inconvenient heart flip.

This is only temporary.

I can't fall for Weston.

I. Will. Not. Fall. For. Weston.

But rules go out the window when you're a little too close.

MUSES & MELODIES

HUSH NOTE Series

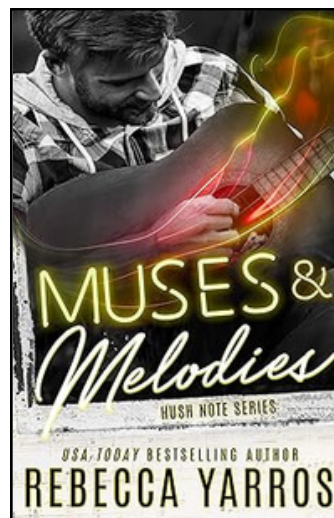

2022-2024. Manuscript available

From USA Today Bestselling Author Rebecca Yarros comes an enemies to lovers rock star romance.

If I can keep Hush Note's leading guitarist, Nixon Winters, on the straight and narrow for the next six months, I'll finally get my own band to manage—assuming we don't kill each other first. The egotistical, irritating rock star is fresh out of rehab, but it's obvious his demons followed him home—and now I'm sleeping down the hall.

I've watched him self-destruct every summer, and with album deadlines and tour dates looming, I can't let it happen again.

My career is in his hands. But tattoos can't cover every scar, and I'm starting to see through his trademark, irresistible charm to the damage beneath. Everyone wants the rock star. I'm falling for the man. If he doesn't let me in, he'll never break the cycle—And when these six months are up, I might be the one left broken.
